Instructions

You are to complete this form and submit it to VETASSESS. This document forms part of the whole assessment process.

All the evidence you submit and the skills and knowledge you demonstrate in the technical interview and/or practical assessment will be taken into account to determine the final assessment decision.

It is important that the information you provide about your current practical experience is clear, thorough and true.

Practical experience summary (PES)

This document must show your employment experience over the last 5 years and the variety of work you have undertaken and completed. You can do this by providing examples of plumbing work you have carried out. This can also be supported by providing training certificates and reference documents.

You must complete this PES document prior to your assessment date and bring it with you on the practical assessment day.

For each area listed, describe your recent employment. Include activities undertaken, approximate dates and country where the employment occurred.

Area	Dates	Country where the experience occurred	Recent practical experience (within the last 5 years)
